

PSP Attachment 4-B

EIP Proposal - Certifications for Design Project Only

San Joaquin Area Flood Control Agency (SJAFC)
(Name of Agency)

hereby applies to the California Department of Water Resources for funding in the amount of \$ 2,412,500.00 as authorized by Section 5096.821 and/or 75030 of the California Public Resources Code for the purpose of designing a flood control repair or improvement work identified herein as

Smith Canal Closure Structure
(Title of Project)

On behalf of the Applicant, I certify the following:

- * Applicant has sufficient funds or other resources to finance the proposed percentage of the cost of the Project. *(Project sponsors will be required to provide a finance plan.)*
- * If Applicant is awarded funding for a Design Project and enters into a Design-Construction Agreement, Applicant shall not commence construction activities until receiving an Approval Letter from the Department.
- * During the lifetime of any funding agreement resulting from this proposal, applicant will have a Labor Compliance Program complying with the California Labor Code. *(Project sponsors will be required to provide evidence of such a Program.)*
- * If Applicant is awarded funding and the Project is constructed, applicant will (1) operate, maintain, repair, rehabilitate, and replace the Project facilities as needed in perpetuity, or until the Department of Water Resources and the Central Valley Flood Protection Board agree in writing that such services are no longer needed, and (2) provide a manual for operation and maintenance that is satisfactory to the Department of Water Resources and the Central Valley Flood Protection Board; and (3) sign an agreement to operate, maintain, repair, rehabilitate, and replace the Project facilities with the Central Valley Flood Protection Board.
